Are you interested in being professionally challenged? Are you interested in caring for medically complex children? And are you interested in having FUN?

Open House

Saturday, March 11th
10:00am–6:00pm

Instant Interviews will be held.

The Elizabeth Seton Pediatric Center is a not-for-profit, pediatric specialty care facility, serving the most medically complex children in New York State. The Pediatric Center, which is a 137-bed and 165,000-square-foot complex located in Yonkers, is in its 28th year of service. We are nationally recognized for our state-of-the-art, child-centered building, which is the only LEED Gold certified “green” pediatric facility in the country. Children come to us with serious medical and neurological challenges. We provide comprehensive health care, rehabilitation and special education services to all our children using a transdisciplinary approach.
The Elizabeth Seton Pediatric Center is expanding its campus to care for an additional 32 ventilator-dependent children. This expansion, opening in June, will make the Pediatric Center the largest provider of pediatric ventilator care in New York State.

Be part of the change as we change lives one child at a time.

RN, RRT, CNA, Nursing Supervisor, Assistant Nurse Manager, Nurse Manager
